Jacto, Inc. and TEQlease Capital Partner to Provide Lease Financing Solutions

Calabasas, CA December 6, 2013— TEQlease Capital, a private equipment lease finance company and Jacto, Inc. have announced that TEQlease Capital has become the preferred financing resource for Jacto, Inc. Through this relationship, TEQlease Capital will provide lease financing solutions for Jacto, Inc customers in the United States. Jacto, Inc is an industry leading manufacturer of agricultural sprayers and backpack sprayers. Jacto also offers a wide variety of products ranging from precision plastic molding, pressure washers and cleaning equipment, water treatment, and precision foundry castings to life-saving medical components

“Jacto is a recognized leader in the design and manufacture of agricultural sprayers, and we are pleased to be their preferred financing resource,” said Brian Link, Director of Business Development of Vendor Programs for TEQlease Capital. “We will be able to provide Jacto customers with customized financing solutions that can help drive sales, increase profits and grow the Jacto brand.”

“We have a diverse customer base which makes using the right lease financing program very important,” said Greg Imus, Vice President of Marketing for Jacto, Inc. “TEQlease Capital was able to structure a program that other lease financing providers could not, addressing the needs of our customer base while ensuring each lease would be customized to the particular requirements of each transaction.”

ABOUT TEQlease Capital

TEQlease Capital is a nationwide provider of equipment lease financing solutions across all industries, including manufacturing, education, distribution, financial services, agriculture, and retail organizations. TEQlease Capital customers include Fortune 500, medium-sized, and small businesses. Founded in 2000, the company is based in Calabasas, California.
